

Dear sponsor

How are you I hope you are fine. because to me I am fine. I live in Nakuru my home environment is not very good. Sometimes it rains from morning to evening.

In my personal life during COVID 19 pandemic it was very good that I was spending time with my family that I love them. during COVID 19 pandemic I was enjoying reading the bible and pray to God that COVID 19 pandemic to be over.

When they closed the school I was still reading at home I was enjoying reading home even my step mother teaching me. Sometimes I was spending time with my grandmother to making for me story a long time how their traditional life was. Even I don't have any parent my parent died a long time ago.

The school I am in is very good that it help me so much. That school is called Tumaini they teacher they are good teacher they help pupils when something is bad any thing you wanted you go to the teacher to help my social life is good I want to work hard in school and then when I have pass my exams I want to help my family. I will thank God that he have provide me from trouble that I was having.

when I grow up I want to be a Journalist in future that I want to work hard in school that I make my Journalist. I wish ones we meet with you.

I like to go to the church everyday and reading bible Pray everyday and my God bless all your family

Your loving daughter
